

# JoyMe *Yacht*

The name of the first yacht built by Philip Zepter Yachts speaks enough for itself. Being created as the ultimate playground for the owner she offers introduction to the lifestyle full of movement in good spirit and joyous atmosphere. The invitation to join 'joyMe starts with her elegant hull lines and unique styling of exterior with special colorful paint scheme of flowing lines, perforated textures and prints.

# Yachting's *First* Masterpiece

# Speaks for *Itslef*

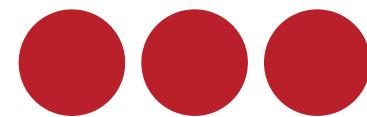

# Contemporary Elegance *in Every Detail*

The interiors of "JoyMe" make her a floating piece of contemporary art, with ultimate quality of build by F/LIST of Vienna. The story begins on the main deck with the first part of saloon being designed as the lounge area whose extension is the cockpit. Once you look deeper in the exteriors — you will be able to recognize her soul.

The dining room is located at the central part of the main deck, the shape and color of chairs are just another piece of carefully selected design puzzle, the shiny stainless steel surfaces reflect plenty of natural light - the same effect you will find at glasses and ceiling.

The owners apartment occupies upper deck, the sleeping area consists of two cabins and large walk-in bathroom, while private saloon enjoys the remarkable view and is joined by carefully arranged deck area. The space is highly marked by printed walls.

It's important to note that the entire deck is modular, allowing for the flexibility to transform a small cabin into a separate, standalone cabin, enhancing the adaptability and privacy of the living quarters.

# Owner's Haven on Upper Deck

The upper deck is designed with privacy in mind, offering a secluded retreat where guests can relax and unwind in tranquility. This exclusive space ensures a serene atmosphere, away from the bustling common areas, making it the perfect spot for enjoying quiet moments and breathtaking views in complete privacy.

# Luxury Meets the *Open Seas*

The second cabin within the master apartment features sliding beds, offering flexible sleeping arrangements to suit your preferences. One of its standout features is the gorgeous view from the shower, allowing for a serene and beautiful start to the day. Additionally, this cabin can function as a completely separate unit, providing privacy and versatility to accommodate different needs and preferences.

# Seaside Retreat

The guest cabins are located on the main deck, offering an experience that is just the beginning of what you'll encounter. As you walk through the cabins, each uniquely decorated, you'll be left breathless, truly discovering the spirit of 'JoyMe as a one-of-a-kind yacht. The chic-themed cabin adores red velvet and features big windows that allow in plenty of natural light, enhancing the ambience and the overall experience.

# Luxurious Cabins on a *main deck*

# Crafted With the *Maximl* Attention

Each cabin enjoys large bathrooms that remind on

luxury homes, with every detail made with maxi-

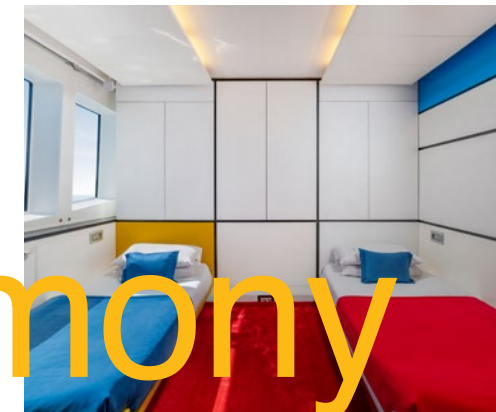

mal attention to the different styling of the cab-  
ins. The Print theme is just another example on  
compatibility and the successful application of the

modern design to the yacht.

The additional function of the print cabin includes  
an extra Pullman bed, and this cabin also offers  
the possibility to connect beds.

# *Piet Mondrian: Harmony in Abstract Art*

Dutch artist Piet Mondrian does not need the introduction but the 'cube' inspired by his work on board the 'joyMe introduces the way to enjoy his work with the ultimate comfort of the yacht.

An additional feature of this cabin is a wall between the beds that can be lowered to transform the cabin into one large bed.

# Wonders of the Nature

Although she can be considered as the ‘design SPA’ joyMe also offers different approach to rejuvenation - the one you will not miss in the cabin inspired by Nature — just plain and simple colors and forms create inner peace and tranquility.

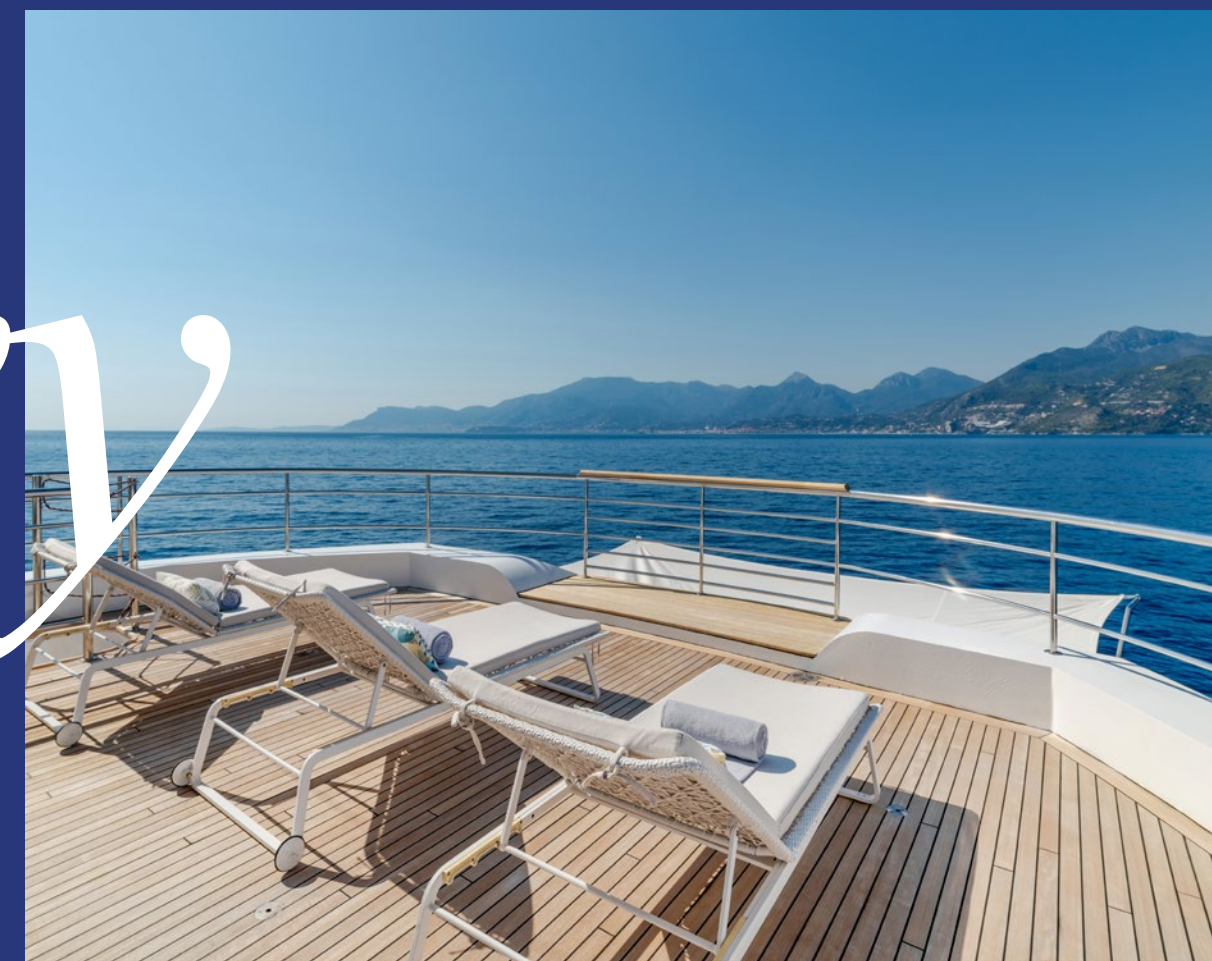

# Marine *Beauty*

The large fitness area has been allocated at the stern part of lower deck, therefore it enjoys beautiful views of open stern and the sea. Once close to the sea you will enjoy the theme of this area. And then you can relax in Finnish sauna and Hammam.

# Effortless *Luxury*

The exterior areas are easily accessible and connected by large corridors. The real 'party part' of the yacht has been created at the sundeck, together with 8 persons jacuzzi pool, big bar and decoration becomes especially attractive in the evening.

# Main *Deck*

# *Oasis*

Many charming places on the open air invite you - from stern cockpit to the small sun pad in the bow tip, from the pool area to Portuguese bridge seating lounge. The joyful colors and comfortable, ergonomic seating give a hard choice on where you will want to enjoy more

# Ride the *Waves*

The fun starts when she hits the waves, uncompromised construction and hydrodynamically optimized hull leave nothing less than pure joy of exploring the seas on board the 'joyMe.

Pure joy of  
*exploring* sea

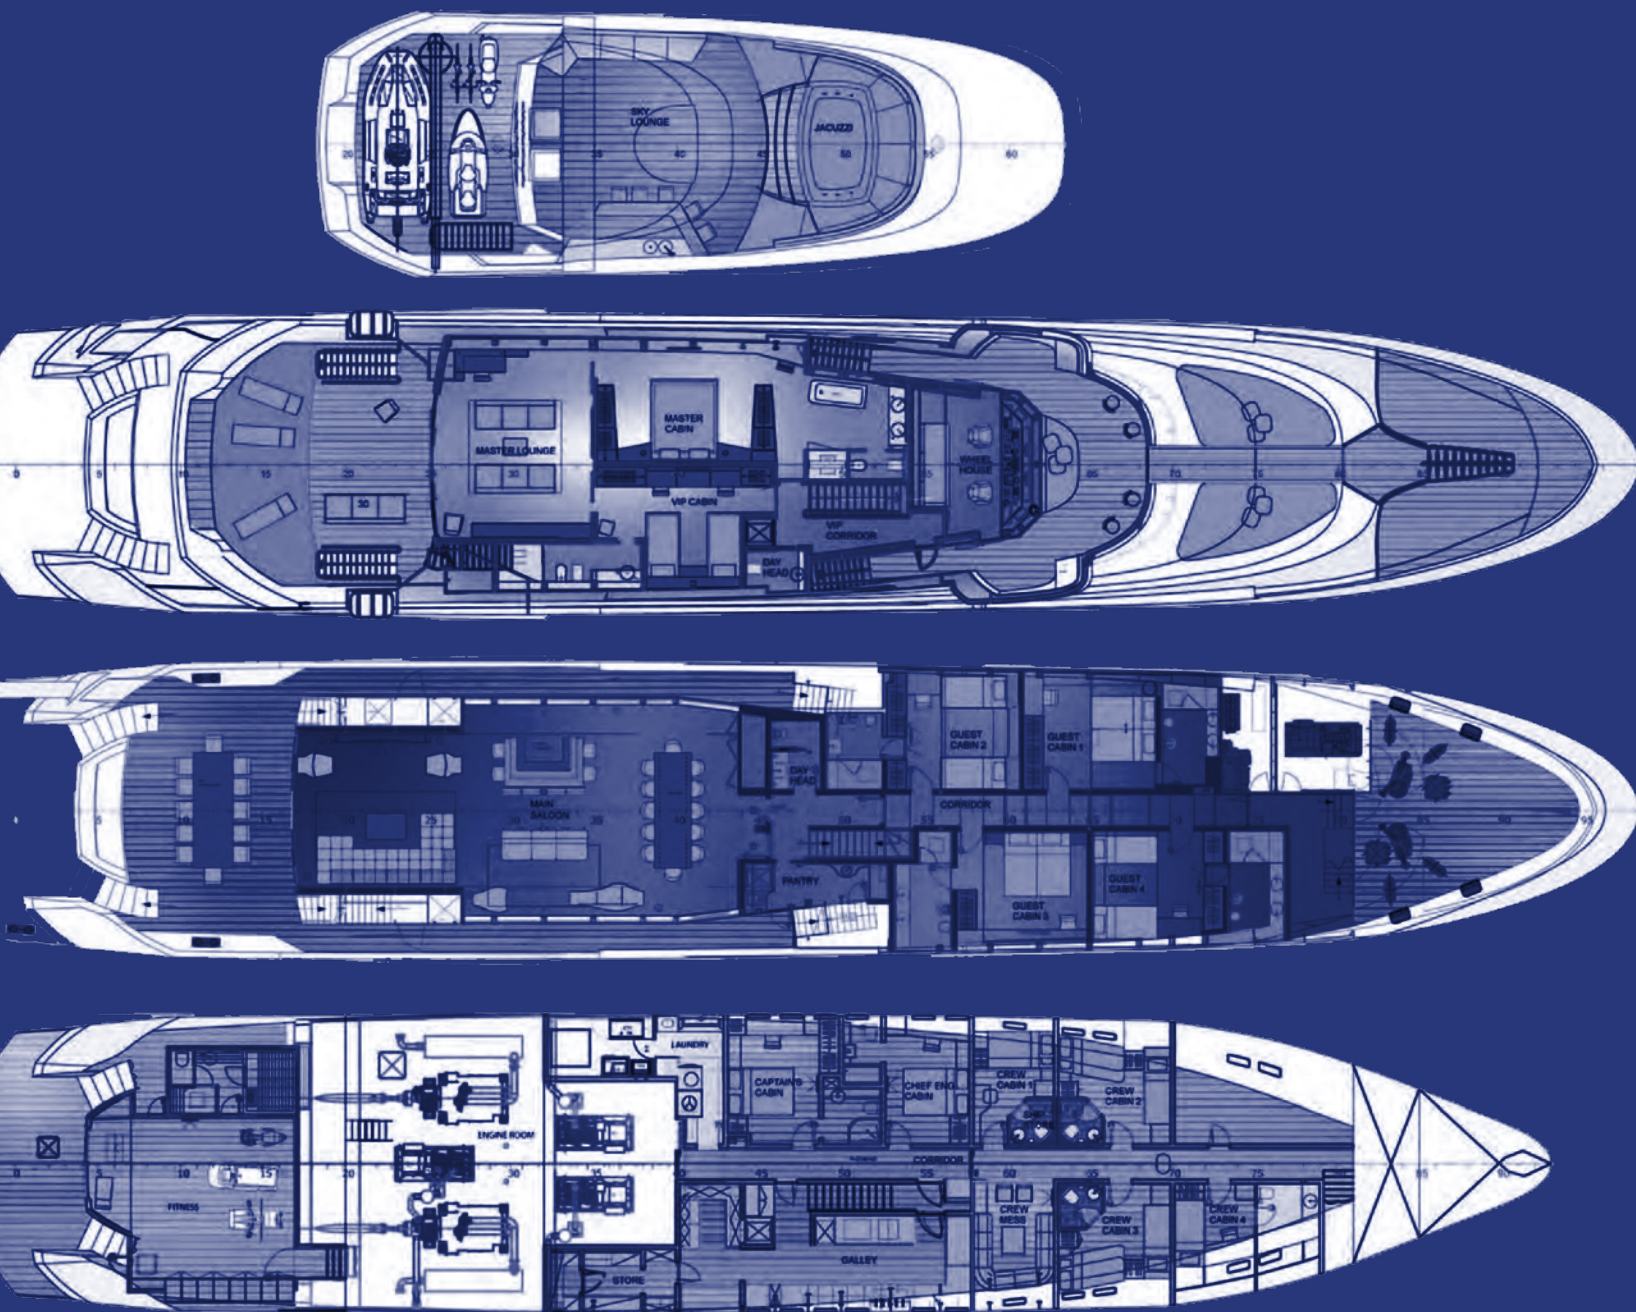

The ‘joyMe is fully customized as per owner’s wishes and offers a variety of uniqueness. Being built by highest industry standards, exceptional combination of design and creativity make her excel — that is the exactly what Philip Zepter Yachts is able to create as reflection to personal wishes of the client.

# Reflection to Personal Wishes

Construction	A grade steel hull, aluminium sun deck
LOA	49, 907 m
LOW	44, 420 m
Beam	9, 118 m
Draft (max)	2, 55 m
Displacment	
Gross tonnage	620
Fuel Capacity	60 000 l
Water Capacity	2 x 24 000 l
Maximum speed	15 knots
Crusing speed	13 knots
Range	3 000 nm at speed of 12 knots
Main engines	2 x Cummins Type, KTA-38-M1, 12 cylindar
Rating	2 x 1100 bhp @1800 rpm
Propulsion	2 x fixed pitch propellers, 5 blades
Main generators	3 x Cummins Type, 6CTA8 D(M)
Rating	each 136 kW, 50 Hz, 400 VAC , 3 phase, 24 VDC starting
Engine	6-cylinder, 1500 rpm, heat exchanger-cooled
Emergency generator	1 x Cummins Type 6BT5.9-D(M)
Rating	6-cylinder, 1500 rpm, heat exchanger-cooled
Engine	91 kW, 50 Hz, 400 VAC, 3 phase, heat exchanger-cooled
Electricity	230/400 Volt, 50 Hz 3 phase-system
Other machinery	MARIOFF Hi-Fog fire protection system, Bilge Oily Water Separator, HAMANN water makers total capacity 9m3/24h, 1xDTG bow thruster rated power 70 kW,MATH'S hydraulic gyro-controlled zero-speed stabilizers, JETS Norway toilet system, HAMANN sewage system treatment, ALFA LAVAL fuel sperator
